Full detailed racing schedule, outlining number of races per day per Class, can be found at sailing.org.au/olympics

Courses

Located in Flamengo Park, between Rio's South Zone and city centre, Marina da Glória will host the Rio 2016 Olympic and Paralympic sailing competitions.

Less than one kilometre from Santos Dumont Airport, the marina offers visitors a privileged view of Sugarloaf Mountain, one of the city's most famous picture-postcards.

On the shores of Guanabara Bay, Marina da Glória benefits from wind and sea conditions favourable to the practice of sailing, as well as breathtaking views. From the waters of the bay, new views of this beautiful city are revealed - it is possible to see Corcovado Mountain, on top of which sits the Christ statue, as well as the iconic Pedra da Gávea.

In addition to nautical services, the site also offers space for events, fairs and festivals. On Sundays and holidays, the roads alongside Flamengo Park are closed to traffic and the region becomes a popular outdoor sports and leisure area for cariocas and tourists.

The racing areas for the Rio 2016 Olympic Sailing Competition will be inside and outside Guanabara Bay. The latitude/longitude positions of the centre of the seven course areas are detailed in the Notice of Race.

The race courses will be windward / leeward or trapezoid.

The following diagram shows the course areas that will be used during Rio 2016.
