

## Welcome Message & Information – Canberra YC

Hi everyone,

Thank you all for registering and welcome (or welcome back!) to Canberra! Some general information:

### Car Parking:

Since you last may have been here the Canberra Southern Cross Club has installed boom gated parking. Don't worry, parking is still free for those sailing with the Canberra Yacht Club! When you arrive, please press the button and get a white ticket. These tickets can be validated in the Sailing office of the club, on the ground floor, boardwalk side of the building. Alternately they can be validated if you spend \$20 or more with the Southern Cross Club restaurants onsite. If you lose your ticket, come and see the sailing office!

### Rigging area access:

You can then bring your car into the carpark to unload your boats. There are two access points to bring boats and trailers through to the grass rigging area, but please do not bring vehicles onto the grass.

### Road Trailer Storage:

We'd like to keep all trailers out of the carpark and out of the rigging areas. The best place for trailers is to push them by hand under the trees at the southern end of the rigging area (past the row of catamarans). There is ample room there for lots of trailers.

Note for anyone bringing RIBs: Powerboats are not generally allowed on the lake, and all vessels must apply for a temporary permit from the national capital authority, a free online process here: <https://www.nca.gov.au/environment/lake-burley-griffin/boat-permits#> . If you need to leave your RIB somewhere over night we have secure convenient storage available, speak to the sailing office!

Don't forget, all competitors are entitled to a sausage sizzle on Saturday before racing (should be ready just after the briefing!). The Sailor's Cabin bar will be open from 11.30am until well after sailing each day. Our vending machine is stocked with chips, chocolates and soft drinks for snacks. For other food and beverage, Snapper & Co (fish and chips etc) will be open on site all weekend.

We hope you enjoy the weekend!

Warm Regards  
Steve Hart  
General Manager
