RMS Maritime - Yacht Person's Brief

1. Be Safe!

2. Observe NSW Collision regulations and in particular Rule 1 (b) and Rule 2(a) (b) ie:

Nothing in these Rules shall exonerate any vessel, or the owner, master or crew thereof, from the consequences of any neglect to comply with these Rules or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case. In complying with these Rules due regard shall be had to all dangers of navigation and collision and to any special circumstances, including the limitations of the vessels involved, which may make a departure from these Rules necessary to avoid immediate danger.

What this means is that if you're about to be involved in a collision, having stood on or given way in accordance with the Rule; every party involved is responsible in taking avoiding action to prevent a collision.

Local Rules require sail craft to keep out of the way of ferries, Naval vessels, Sea-going ships and Oil tankers. Pass the ferries clear at least 200m from the bow and 30 m either side and astern.

3. Seagoing Ships

All craft are to keep 500m clear ahead and 30m clear of each side and stern of seagoing ships. In Sydney Harbour and Botany Bay, seagoing ships over 100m length are escorted by a Sydney Ports' vessel, orange hull and yellow superstructure with flashing red and blue lights. Craft are not to pass between the escort vessel and the seagoing ship under escort.

Be mindful of larger ships' bow flare. When closing any vessel, to prevent being overrun ensure you remain within sight of the Master / Officer of the Watch on the vessel's bridge. Beware of overhanging bows and other parts of ship that might obstruct this line of sight. This means that your vessel may disappear from sight inside 500m from the bows of very large ships.

4. Shipping Sound Signal Meanings:

One prolonged blast – I am approaching a bend or obscured area (blind spot).

One short blast – I am altering course to starboard (right).

Two short blasts – I am altering course to port (left).

Three short blasts – I am operating engines astern (stopping).

Five (or more) short blasts - I'm unsure of your intentions and I doubt whether you are taking enough avoiding action to avoid collision.

When not racing keep at least 200m clear of any ferries displaying the Orange Diamond.
